

Don't let a
Hurricane
Destroy
your home

Get CAT-5 Hurricane Netting Now

Revolutionary netting stops a hurricane's destructive wind pressures by 63%... or more!

Easy and Safe to Install.

Protects Virtually Everything
You Own.

Here's why CAT-5 is better than many other hurricane protection systems:

- Easy and safe to install
- No sharp edges to cause injury
- Lightweight
- Can be cut to any size
- Protects more than windows and doors

Use it to prevent damage to:

- roofs
- mobile homes
- cars, boats and RVs
- lanais, landscaping, fencing
- sheds

Virtually anything!

PLUS, it lets light and air inside your home before, during and after the storm
