

Light-Admitting

HURRICANE NETTING

Protects Virtually Everything from the Destructive Force of a Hurricane

CAT-5 Protects:

- Roofs and roof trusses
 - Homes and manufactured homes
 - Windows, doors, garage doors
 - Cars, boats and airplanes
 - Sheds, lanais and pergolas
- Virtually everything!**

*Installs quickly with no special tools required.
Its revolutionary new patented three-way netting system diffuses wind pressure by up to 63%!*

For more information on CAT-5, call

1-800-282-6624

or visit our web site at www.hurricane-net.com
or www.asibp.com

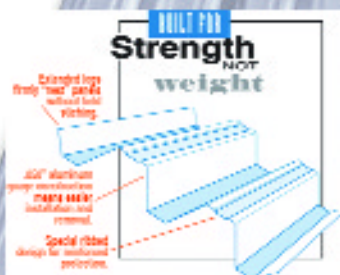

Passed ASTM E-1886, E-1996, E-330, Miami-Dade Testing TAS 201, 202, 203, for large missile impact and cyclical loading up to 104 psf design loads considering porosity of material. See instructions, limitations, and approvals for more information.

CAT-5's advanced design diffuses a hurricane's destructive wind pressure, reducing it to sub-hurricane levels.
